# North Carolina Art Education Association

**Mission Statement:** The mission of the North Carolina Art Education Association is to promote and improve quality visual arts education throughout the state. NCAEA will focus on three broad categories to accomplish its goals: LEADERSHIP, SERVICE and ORGANIZATION.

**Membership:** Membership is open to all visual art educators. We are affiliated with the National Art Education Association. Our membership consists of elementary, middle and secondary school art teachers, museum educators, supervisors and administrators of art educators, higher education art educators, retired art educators, private business art educators and higher education student chapters of future art educators. We have approximately 650 members and rank 7<sup>th</sup> in the nation with our membership total. NCAEA is governed by a 40-member board of directors. Our state's eight educational regions are each represented on our board. All levels of teaching, also, have a representative on the board. Our statewide association proudly serves from the mountains to the sea.

**Services:** NCAEA provides a three-day fall professional development conference annually for members. Many regions provide a spring regional professional development workshop as well. Student exhibits are sponsored throughout the state including a yearlong exhibit at the NC General Assembly for our Raleigh legislatures, a statewide traveling National Art Honor Society exhibit, and many more regional shows provided by our very involved art educators.

**The U.S. Department of Education's Student Art Exhibit Program**, now in its 10th year under the direction of the Office of Communications and Outreach and the Office of Innovation and Improvement, features visual art created by students in U.S. and international schools. The program provides students and teachers an opportunity to display creative work from the classroom in a highly public place that honors their work as an effective path to learning and knowledge for all. The works also provide Department employees and visitors with both a beautiful environment and the means to be in touch with the Department's principal customers – students.

The program features two exhibits at all times throughout the year: The winners of the Scholastic Art & Writing Awards are exhibited for a year beginning every August, and another exhibit, rotated every two to three months, accommodates the many educators who want to exhibit their students' work. To schedule a visit to the exhibits or to learn more about the exhibiting opportunity contact Nicole Carinci by phone 202-453-5585 or email at [Nicole.Carinci@ed.gov](mailto:Nicole.Carinci@ed.gov).
